ENSEMBLE

AUSGLASS MEMBERS EXHIBITION

Proudly presented by Wagga Wagga Art Gallery, in conjunction with the 16th Biennial Ausglass Conference, The Collective Vision, *Ensemble: Ausglass Members Exhibition* showcases the depth and diversity of contemporary glass in Australia, from time-honoured traditions to cutting edge experiments.

All the artworks in this stunning display have been created within the past two years, as a snapshot of the current state of the art; and every state and territory in the nation is represented, highlighting the geographical spread of the passion for glass across Australia. The pieces on show in *Ensemble* range from delicate jewellery and fragile pâte de verre vessels, to elaborate installations, imposing sculptures, and vivid stained glass hanging works.

Beyond the diversity of forms and styles, *Ensemble* also illuminates the extraordinary range of techniques currently practiced by glass artists across the country. Hot and cold working, kiln forming and engraving, glass blown, carved or assembled; all these methods and more, in every imaginable configuration, can be explored and admired in *Ensemble*.

Variety in form, diversity in technique – and in addition, artists at every stage of their career, from the emerging and recently graduated, to the established, the acclaimed, and the acknowledged masters of their craft. *Ensemble* invites them all, and displays their work in contrasts and complements that underline the truly collaborative nature of glass in Australia, as an artform in which all continue to learn and to grow in their art together.
